Insights | Mental Health Program

*Do you feel anxious, nervous,
or stressed out?*

Aging can be stressful, particularly if you are an older adult on your own. It's also common for caregivers to feel anxious, nervous or depressed. But it doesn't have to be that way.

Independence at Home's Insights program provides seniors with friendly, trained therapists to support clients with these challenges, and help them feel happier and healthier - all at no cost.

Services available in English,
Spanish, Korean & Vietnamese.
