

Healthy Aging & Fall Prevention Virtual Summit

Healthy Aging Association, the Stanislaus County Area Agency on Aging and Kaiser Permanente, would like to thank the generous sponsors, community partners and volunteers for helping us reach older adults across the county over the years.

This is our annual event, and as always, safety is our priority and we would love to continue to showcase our robust number of partners that are willing to support older adults. To keep the health of the community at the forefront and to reach even more older adults than an in-person event, we will be holding the 2022 event virtually.

This year's event will be held from October 24, 2022 through October 28, 2022. There will be daily virtual components, and multiple drive thru distributions where attendees can drive by and pick up our signature, insulated event bag of resources and goodies to help them live longer, healthier lives.

We will be filling 3,000 event bags filled with health information, and community resources for older adults who can pick up at drive thru distributions, and bags will be delivered to those who are in the home-delivered meals program, MSSP, and to various Senior Housing Communities. *Sponsors are not required to fill all 3,000 bags.*

We ask for your support to help those older adults receive pertinent information to help them make good and healthy choices today and everyday. Please complete the sponsorship application and submit it to healthy.aging2000@gmail.com by Friday, September 23rd to gain the maximum benefits of your sponsorship exposure.

Thank you for your continued support.
