## Here are five things that make Young at Heart unique:

1. The class focuses on the full body and works on strength, balance, and flexibility.
2. The goal of Young at Heart Strength Training is to keep participants functioning and to help reduce the risk of falling.
3. The class uses resistance tubes (4 levels of resistance) instead of free weights to reduce injury, and to be used by even the most arthritic hands. Plus, resistance tubes store easily.
4. The class is a place of group camaraderie and many participants have stated that these classes help reduce depression and help them to be more social.
5. Classes run primarily on participant donations. We recommend \$2.00 a week if the participant can afford it.

## Online / Virtual Young at Heart Strength Training

### Young at Heart Online

Virtually from the comfort of your home via Zoom  
Mondays and Wednesdays  
9:30 am - 10:30 am

---
